Consider the following when determining the best bed for you and your patient. 

- Cribs are a dependable solution when all care is provided to the patient in bed.
- The Stay Safe Bed™ is perfect for the patient who is often-times transferring back and forth to a chair or wheelchair.
- The Canopy™ Enclosed Bed and Stay Safe Beds™ are soft inside, with no exposed metal parts.
- The Soft Vinyl Top is a nice addition when a safe and complete enclosure is required for the patient’s health.
- The Stay Safe Bed™ is a comfortable security when the patient will not try to get out of bed voluntarily.

Home Care Crib

The Pedicraft Home Care Crib has just what you’ve been asking for! A bright and colorful finish on a crib with the same strength and durability Pedicraft has provided for more than 50 years. Now available with One-Side Drop. When used in the home and positioned near a wall, you may not need two operating sides. Two-Side Drop is now optional on Pedicraft Cribs.

Homecare Crib Includes:

- 35" x 76" Pedicraft Crib Bed
- Mattress
- Bumper Pads
- 6 Fitted Sheets
- Casters (2 locking, 2 non-locking)

Soft Vinyl Top

The sides of the top can be raised for easy access to the interior of the crib. Top release knobs are widely spaced to prevent operation by children.

Head Elevation allows one-third of the mattress to be elevated, enabling the patient to sit up in bed. Operates by hand crank.

Which is Best?

Pedicraft beds are not just for children—falling from a bed can be tragic for an older patient as well. Anyone with diminished mental capabilities needs special safeguards. Our beds are designed to give peace of mind to caregivers, as well as paramount comfort for patients.
The Stay Safe Bed™ has a completely padded interior—no exposed metal parts. The padding is constructed with Sure-Chek healthcare vinyl and flame-retardant padding. The mattress is constructed of high density fire-retardant foam, covered with Sure-Chek Vinyl and complies with Federal Flammability standard 16 CFR Part 1633.
