

New Innovative Designs for Sleep Chairs... and Sofa Sleepers with Function and Style

These attractive chairs work double time. Providing clean lines of a contemporary lounge chair by day, conveniently opening to sleep one in the comfort of a spring and cross brace supported bed by night.

Standard Features on Both Models:

- Black urethane armcaps*
- Locking Casters
- Fabric and vinyl coverings meet CA 117 fire standards.
- CA 133 available.

*Both models are constructed with the same innovative design, but each has their own contemporary styled black armcap. For a more traditional feel, on either style, choose wood arm caps in **Cherry, Maple, Medium Oak, or Natural.**

Self contained—no cushions to remove or lose.
