

# Home Care Crib

The Pedicraft Home Care Crib has just what you've been asking for! A bright and colorful finish on a crib with the same strength and durability Pedicraft has provided for more than 50 years.

Now available with One-Side Drop. When used in the home and positioned near a wall, you may not need two operating sides. Two-Side Drop is now optional on Pedicraft Cribs.

**Soft Vinyl Top**  
The sides of the top can be raised for easy access to the interior of the crib. Top release knobs are widely spaced to prevent operation by children.

Head Elevation allows one-third of the mattress to be elevated, enabling the patient to sit up in bed. Operates by hand crank.

## Homecare Crib Includes:

- 35" x 76" Pedicraft Crib Bed
- Mattress
- Bumper Pads
- 6 Fitted Sheets
- Casters (2 locking, 2 non-locking)

**Pedicraft**  
Keeping Babies & Children Safe  
and Comfortable For Over 50 Years

# Which is Best?

**Pedicraft Beds are not just for children —** falling from a bed can be tragic for an older patient as well. Anyone with diminished mental capabilities needs special safeguards. Our beds are designed to give peace of mind to caregivers, as well as paramount comfort for patients.

## Consider the following when determining the best bed for you and your patient.

- Cribs are a dependable solution when all care is provided to the patient in bed.
- The Stay Safe Bed™ is perfect for the patient who is often-times transferring back and forth to a chair or wheelchair.
- The Canopy™ Enclosed Bed and Stay Safe Beds™ are soft inside, with no exposed metal parts.
- The Soft Vinyl Top is a nice addition when a safe and complete enclosure is required for the patient's health.
- The Stay Safe Bed™ is a comfortable security when the patient will not try to get out of bed voluntarily.

# Pedicraft® Canopy Beds, Home Care Cribs & Stay Safe Beds

# Canopy™ Enclosed Bed

The Canopy™ Enclosed Bed Offers the safety of an enclosed crib bed and a completely padded interior—no exposed metal parts. The Canopy enclosure is constructed of strong polyester mesh and Sure-Chek healthcare vinyl. The cover can be removed for cleaning. The Canopy Bed mattresses are constructed of high density, fire-retardant foam covered in Sure-Check vinyl.

The mesh panels unzip on all four sides for complete access to the patient. Locking zippers can be positioned where needed for the use of IV lines and feeding tubes while the bed is closed.

For extra protection the Pedicraft Canopy™ Enclosed Bed comes with padded bed rails, which are easily raised and lowered.

## Canopy Bed Features:

- Padded Steel Bed Frame
- Mesh Enclosure
- Zip-out Mesh Bottom for Easy Cleaning
- 2-Layer Mattress
- Padded Bed Rails
- 6 Fitted Sheets
- Casters (2 locking, 2 non-locking)

**The Height Adjustable model** provides convenience for the caregiver when a patient needs frequent medical attention. Raise the bed surface 10 inches by a hydraulic hand crank.

**34" wide or 42" wide**  
The Pedicraft Canopy Enclosed Bed is available in two widths.

## Options and Accessories:

**Quilted Bottom**  
Keeps the mattress out of the patients space.

**Pressure Comfort Mattress**  
More comfort and less concentration of pressure.

**Patient Lift Compatible (PLC) Siderail**

**Optional Head and Knee Elevation**  
Allows one end of the mattress to be elevated up to 30°, enabling the patient to sit up in bed. Section above knee can also be elevated for low back comfort.

# Stay Safe Bed™

The Stay Safe Bed™ provides a safe and comfortable place for loved ones during episodes of uncontrolled movements or seizures.

## Stay Safe Bed Features:

- Completely padded with no exposed metal parts.
- Low height for easy in and out.

The Stay Safe Bed™ has a completely padded interior with no exposed metal parts. The padding is constructed with Sure-Chek® healthcare vinyl and flame-retardant padding. The mattress is constructed of high density fire-retardant foam, covered with SureChek® Vinyl. Or opt for the optional Pressure Comfort Mattress which is designed for greater comfort and less concentration of pressure on vulnerable tissue.

- Low Height for easy in and out
- Easy Operating Handle
- Head Elevation

## Optional Accessories:

- Pressure Comfort Mattress
- Soft Vinyl Top (Right)
- Easy Mount IV Pole
- Storage Bin
